25X1 Memorandum for Dir SSU fr [REDACTED] ExOfcr SSU Admin, dtd 27 May 46,
reporting conversation with George Brewer, Admin Ofcr OSecWar,
indicating SSU to become part of WD (not a ward) 1 July 46, the need
for economy thru non-duplicated admin effort and guidance as to WD
responsibility toward SSU and vv.

25X1 Memorandum for [REDACTED] SSU GC, dtd 17 May 46, records
25X1 meeting between [REDACTED] SSU and Brewer, discussing
problems for the future of SSU. "The objective," writes [REDACTED] "Is 25X1
create an operating unit, lost to outside eyes, but would maintain
w/i OfcSecWar its autonomous status under direct control of Dir SSU
and under operational supervision and control of CIG." Propositions
for using more WD admin support, tentative and require working out
with CIG.

Comment: again the problem of overt admin support to clandestine
activity, made more complex by demands of Congress for economy
and non-duplication of effort.
